## RFK Jr. said the MMR vaccine has around '646 billion' pieces of DNA from an aborted baby cell line, correcting the leftist governor of Pennsylvania.

Health and Human Services (HHS) Secretary Robert F. Kennedy Jr. slammed Pennsylvania Democratic Governor Josh Shapiro on Tuesday for denying religious exemptions to vaccines and also confirmed that aborted babies' tissue was used in the creation of the measles, mumps, and rubella (MMR) vaccine.

"At his press conference today, Pennsylvania Governor Josh Shapiro accused me of promoting conspiracy theories because I told him, during an earlier telephone conversation, that some Americans had religious objections to the MMR vaccine because it contained fetal tissue. 'There is no fetal tissue in the MMR,' he told me,'" Kennedy recounted in a lengthy X post

"The rubella virus used in MMR-II is grown on the cultured cell line composed of lung tissue from an aborted three-month-old female embryo and listed as 'WI-38 human diploid lung fibroblasts' in the ingredients of MMR-II as portions of these cells end up in each vial of MMR II," he noted.

Kennedy included a clip from a videotaped deposition of Stanley Plotkin, inventor of the MMR vaccine, taken in 2018. The deposition was conducted by attorney Aaron Siri.

During his testimony, Plotkin admitted to "butchering" 76 aborted babies – all of whom were over three months old – "in just one of the many studies that led to the development of his vaccine," the HHS secretary said.

Kennedy further noted that "approximately 646 billion pieces" of DNA from an aborted baby cell line are in every vial of the MMR-II vaccine.

"In addition to the human DNA, there is also an unspecified amount of human cellular debris in each dose of MMR-II," he said.

When questioned, Plotkin said that he was cognizant of objections to the inclusion of aborted babies' tissue in the development of vaccines, and the fact that they are actually part of the ingredients of vaccines.

"I'm aware of those objections," said Plotkin, a self-described atheist. "The Catholic Church has actually issued a document on that which says that individuals who need the vaccines should receive the vaccines regardless of the fact."

"I think it implies that I am the individual who will go to hell because of the use of aborted tissues, which I am glad to do," he declared.

Plotkin has served as a consultant for Big Pharma for decades on how to make their products. He admitted to Siri during the 2018 deposition that he used experimental vaccines on orphans and the mentally ill for testing purposes.

During a December 2024 interview with Tucker Carlson, Siri told his stunned host that some childhood vaccines have "literally millions of pieces from the cultured cell line of an aborted fetus in every single injection' and that vaccines are cultivated on 'aborted fetal tissue' that are 'alive.'"

Siri also took to social media on Wednesday to back up Kennedy's response to Gov. Shapiro.Kennedy Jr.

"RFK Jr. is correct," said Siri. "The fact is that there are billions of fragments of human cellular debris and DNA from

Siri then provided links to articles that chart the use of aborted fetal cell tissue in the development of vaccines.

### Kennedy pushed back on Pennsylvania governor's lies

"During our phone conversation, Governor Shapiro also accused me of promoting vaccine misinformation. When I asked him for an example, he was unable to provide one, but this did not deter him from publicly repeating that accusation during his press event," explained the HHS secretary. "As I told him, HHS does not tolerate misinformation by any employee. I offered to point to hundreds of instances of vaccine misinformation by the Biden administration about which I had never heard him complain."

He continued:

Governor Shapiro also faulted me for the decline in Pennsylvania vaccination rates from 97% – 93.2%. When I pushed back on this assertion, he acknowledged that most of the decline occurred during the Biden administration. It's unfortunately true that the government lockdowns, deceptions, manipulation, and overreach during Covid severely damaged public faith in the vaccine program.

Governor Shapiro's press conference was an example of the same species of gaslighting.

Kennedy added that "The Trump administration is working to restore public trust not by gaslighting or manipulating, but by being truthful, at last, with the public."
